

IOWA **CYBER** HUB

Connecting Cybersecurity Education
and Industry to Iowans

About the Cyber Hub

Cybersecurity Education and Jobs

The Iowa Cyber Hub was created to serve as a **resource** to Iowans who are interested in growing their knowledge and/or career in cybersecurity.

Who We Are

The Iowa Cyber Hub was cultivated by **educators and industry professionals** in Iowa to serve Iowa students, employees, managers, educators, and many more.

Activities

Summit Meetings

We hold summits with educators and businesses throughout the year to discuss current projects

Speaking Events & Presentations

Workshops and presentations are available for those looking to brush up on security or learn new security skills

Blogs

Blogs and articles are published frequently to stay informed and distribute pertinent security information

Get Involved

Students

Resources to advance cybersecurity knowledge and career while receiving support from several organizations in Iowa.

Job Seekers

The Cyber Hub can connect you to Iowa businesses who may align with your cybersecurity career goals.

Businesses

Resources to help secure your organization. Organizations from Iowa and the U.S. provide education materials, tax credit and more.

Educators

Resources from universities and cybersecurity organizations to assist with educating students, staff and faculty on cybersecurity, its importance and its impact.
